Dear Sir,

Re: Waste Management Concern

I would like to bring to your attention an important issue that requires your immediate attention and consideration.

The purpose would enable our properties and community to have a cleaner, waste free outdoor environment.

The Blue and Grey bins should come with lids to avoid recycling and other grey bin waste to blow out of the

Warden Ostrander

Bins causing waste to be blown onto streets, peoples properties, etc.

Blue and Grey bins should be equipped with lids, be made available to residences and should be mandatory much like the green bins. The green bins all come with lids. This allows a cleaner waste free environment. Other communities are provided with lids to all of their Bins, the Blue, the grey and the garbage bins.

I believe the Township of Hamilton designates funds towards Waste Management Services for Northumberland Communities.

I look forward to hearing from you soon. Thank you.

Sincerely,  
Mary Visconti
